The ECO Families Newsletter

Equipping adult educators and parents with green skills and innovative AI-powered digital learning for sustainable eco-living practices

ECO Families Project: A New Journey Towards a Greener Future!

We're thrilled to announce the launch of the ECO Families project, an exciting new EU-funded initiative aimed at empowering parents and caregivers to become **ECOAMBASSADORS**.

Our Mission: To equip families with the knowledge and skills to live more sustainably and inspire future generations to embrace environmental responsibility.

Co-funded by the European Union

Get ready for a wave of exciting activities! We'll be:

- **Mapping Green Initiatives:** Discovering amazing ecological projects happening across Europe.
- **Creating Engaging Content:** Producing informative video-podcasts featuring sustainability experts.
- **Developing Green Skills:** Offering engaging courses to help you cultivate your own eco-friendly habits.
- **Hosting Informative Events:** Organizing exciting info days to share knowledge and connect with other families.
- **Celebrating Sustainability:** Bringing communities together at vibrant ECO Festivals!

The ECO Families Newsletter

Who We're Reaching:

Parents and Caregivers: You!
Children: The future stewards of our planet.

The ECO Families Journey Begins:

Our project officially kicked off on November 12th, 2024, with a successful online meeting. We discussed project goals, outlined our dissemination strategy, and set key deadlines. The journey has begun, and we're eager to work together to make a real difference.

Co-funded by the European Union

Meet the Team:

- **Fundacja Pro Omnis (FPO) - Poland:** Leading the way as the project coordinator, ensuring smooth collaboration and driving the development of educational resources.
- **European Parents Association (EPA) - Belgium:** Connecting with families across Europe through impactful communication and engaging social media content.
- **CiACT - Cyprus:** Bringing innovative technology to the forefront with the development of a mobile app and an interactive green map.
- **CNPCD - Romania:** Fostering adult education and creating valuable green educational resources.
- **Learn to Innovate (L2I) - Greece:** Ensuring the highest quality in all project activities and deliverables.

Stay Tuned for More Exciting Updates!

This is just the beginning. We'll be sharing regular updates on project progress, upcoming events, and valuable resources for families.
